

How can I receive a Community Aged Care Package?

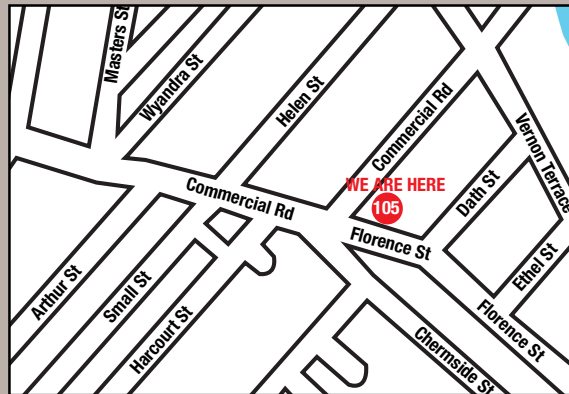

To receive a CACP, you must be assessed by an Aged Care Assessment Team (ACAT). ACAT assessments are free of charge. If CACPs are available in your area, you have been assessed and express a preference to be cared for in your home, then you may be offered a CACP package.

Information on ACATs is available from your doctor, the Aged and Community Care Information Line on 1800 500 853 or Commonwealth Carelink Centres on 1800 052 222, or you can talk to Footprints directly who will advise of your nearest Assessment Team.

"The staff are caring, friendly, supportive, non intrusive and respect my privacy".
